

**FIJI REVENUE AND
CUSTOMS SERVICE**

FRCS Online/Bill Pay Payment Facility

It is important that taxpayers make timely and correct Tax and Customs payments to avoid penalties. In light of this the Fiji Revenue & Customs Service wishes to remind its customers that they can use Online/Internet banking through ANZ, BSP or Westpac Bank for payment of taxes.

Online/Bill Pay - Payment Facility

The online or Bill pay facility basically is a system whereby customers are able to easily make FRCS payments through bank transfers without having to visit FRCS premises to stand in lines to make payments. **To be able to use this facility, taxpayers need to:**

1. Register for internet banking / Bill pay with their respective banks.
2. Do online payment transfers from their bank accounts to respective FRCS bank accounts at ANZ, WBC and BSP. (Details of FRCS bank account numbers can be requested on e-mail from suvairsdespatch@frcs.org.fj & onlinepayments@frcs.org.fj).
3. Follow **a standard format** while remitting payments online so that payments can be identified correctly and receipted.
4. Enter **mandatory details according to which ever tax types that you are paying** in the reference field of the banks bill payment interface. This will ensure that payments are remitted, identified and receipted in a timely manner.
5. The receipts are forwarded to customers as proof of payment within 2 working days. A receipt could also be obtained from the Correspondence History Tile in the TPOS portal for all the payments made to the tax types available in the TPOS portal.
6. Forward a copy of payment advice slip generated by the bank's bill pay/online payment interface to onlinepayments@frcs.org.fj or suvairsdespatch@frcs.org.fj as proof of payment transfers. This needs to be emailed immediately after payment.

Payment Reference Format

Customers must register for Internet banking with their respective banks to use the Bill Pay system. It is CRITICAL and is a MUST to use the reference format stated below as this will ensure that your payments are correctly receipted under the correct tax in FRCS.

There are two format options to remit your payments which are follows:

Option 1 (Filing Successfully done on TPOS)

For all the payment made to the tax types that are available on the TPOS portal, you are required to do your filling and provide the **Filling Reference Number** that has been generated after the filling has been done. This filling confirmation number is to be provided in the **narration field for the payments. Please note that Filling Confirmation number is mandatory.**

NOTE: For all payments done online, receipts will be made available in correspondence tile in TPOS once statement is reconciled and payments posted. This may take about 24-48 hours depending on when credits are transferred and banks cut-off time.

Option 2 (Filing not Done)

Type of Tax	Reference Number Format	Example
Value Added Tax	TIN +Tax Code+ Tax Year + Tax Month	123456789 +11+ 2022 + 02
